AREC Minor Policy:

Each minor in the AREC department is created to provide students within and outside the discipline the opportunity to study a secondary area. Each minor requires 27 credits of course work in addition to the students major. At least 12 of the 27 credits must be upper division. No courses counted toward the minor can be courses also counted toward the student's major. Course checklist for each minor are updated annually. ABM majors may not elect to complete an ABM nor an Ag Econ minor; and EEPM majors may not elect to complete a RE or NRELP minor.
